

More water

- Innovative design maximizes available space.
- Increased water capacity within the same footprint.
- Greater autonomy and longer on-scene performance.

Maximum efficiency

- Compact and agile design.
- Access to areas larger apparatus cannot reach.
- Faster response times.
- Reduced operating and lifecycle costs.

Eco-friendly

- Built with 100% recyclable EcoPolyFire®.
- Corrosion-resistant and maintenance-free.
- Lower fuel consumption.
- Reduced emissions for a sustainable fleet.

25
year body
warranty

Greater versatility

- True multi-mission platform.
- Ideal for wildland, wildland urban interface, rescue, and water supply.
- Reliable performance across any terrain.

WILDLAND 3

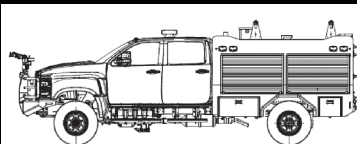

NWCG Type 3
600 gallons water/foam
 INTL cv515 4x4 chassis / GVWR 23000 lb
250-350 gpm PTO pump / Pump & Roll
 FORD option (500 gal)

WILDLAND 3 max

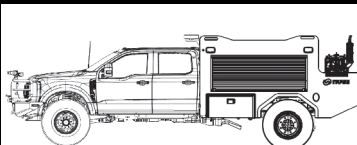

NWCG Type 3 / + **initial attack**
600 gallons water/foam
 INTL cv515 4x4 chassis / GVWR 23000 lb
500 gpm 2 Stage PTO pump
 Pump & Roll

WILDLAND 4

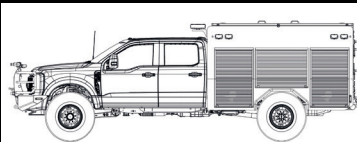

NWCG Type 4
850 gallons water/foam
 INTL cv515 4x4 chassis / 120 gpm aux. pump
 Pump & Roll / Transverse compartment
 Crew cab option (750 gal)

WILDLAND 5

NWCG Type 5
600 gallons water/foam
 INTL cv515 4x4 chassis / GVWR 23000 lbs
 120 gpm aux. pump / Pump & Roll
 FORD option (500 gal)

WILDLAND 6

NWCG Type 6
300-375 gallons water/foam
FORD 450-550 4x4 chassis
 GVWR 15000-19500 lbs
 120 gpm aux. pump / Pump & Roll
 Available on INTL chassis

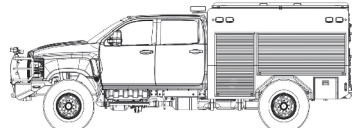

WILDLAND 6 Light Rescue

NWCG Type 6
310 gallons water/foam
FORD 550 4x4 chassis / 180 gpm PTO pump
 Pump & Roll / 1.5 tons cargo capacity
 Available on INTL chassis
 Transverse compartment

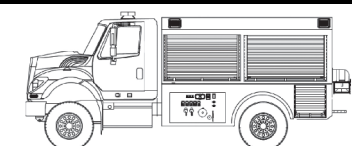

WILDLAND Urban Interface

WILDLAND Urban Interface Pumper

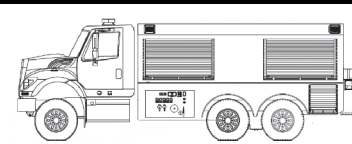

Dual **Wildland and Structural** capabilities
1000 gallons water/foam
 INTL HV 509 4x4 chassis / GVWR 39000 lb
1500 gpm PTO 2 stage pump / Pump & Roll
 Most compact vehicle in Class

WILDLAND Urban Interface Mini pumper

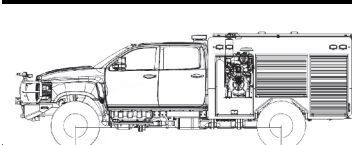

Dual **Wildland and Structural** capabilities
500-600 gallons water/foam
 INTL cv515 4x4 chassis / GVWR 23000 lbs
1250 gpm pump
 PTO Pump & Roll option

Tactical Tender 2000

Tactical Tender/Tanker
2000 gallons water
 INTL HV507 chassis 4x2 360HP
 GVWR 39000 lb
 From **750 to 1250 gpm** HALE SIDEKICK pump
 Available 4x4 and Increased engine outputs

Tactical Tender 3000

Tactical Tender/Tanker
3000 gallons water
 INTL HV615 chassis 6x4 360HP
 GVWR 59000 lb
 From **750 to 1250 gpm** HALE SIDEKICK pump
 Available with different engine options

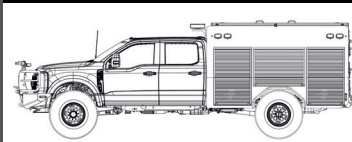

WILDLAND ARFF

Initial attack Wildland ARFF
450-550 gallons water/foam
 500 lbs powder
 INTL cv515 4x4 chassis / GVWR 23000 lbs
500 gpm pump / Pump & Roll

Tactical Water Tender

ARFF

Rescue

WILDLAND Rescue

Rescue vehicle / **Light Squad**
FORD 450 4x4 chassis / GVWR 19500 lb
 280 ft³ equipment space / **3.5 tons** cargo
 Excellent off-road capabilities
 Transverse compartment
 Available on INTL chassis
